

Save time and money in your kitchen with **SAGA Cook & Chill Cooking Paper**

Method 1: **Significantly reduce food waste**

Depending on the size of dish, you can get up to one and a half more portions by using **SAGA Cook & Chill Cooking Paper**. The paper prevents food from burning and sticking to the dish or tray. A simple way to save both food and costs!

Consider

Using **SAGA Cook & Chill Cooking Paper** allows you to use food that would otherwise have been thrown away – an unethical and costly action!

SAGA Cook & Chill Cooking Paper keeps baking dishes and trays practically clean. No more heavy-duty washing up – a simple conveyor or light wash in the dishwasher is all that's needed! And don't forget the savings you'll make by using less detergents, water and electricity.

Consider

Using **SAGA Cook & Chill Cooking Paper** will allow your kitchen staff to focus more on other duties rather than scraping burnt-on food off dishes and trays.
